

Learning Strategy

Learning Strategies are the thoughts and actions that help make learning easier or more effective. The learning strategy for this lesson is *Ask Questions to Clarify*.

In the video you see Anna ask Pete about the gym. She uses a statement and a question word together to clarify Pete's directions to the gym. Pete says, "The gym is across from the lounge." Later, Anna asks him, "The gym is across from ... what?"

Teachers, see the [Lesson Plan](#) for more details on teaching this strategy.
