

# Learning Strategy

Learning Strategies are the thoughts and actions that help make learning easier or more effective.

The learning strategy for this lesson is *Plan*. When we learn a new language, *planning* helps us to continue to learn well.

In the video, you can see Amelia and Anna planning for the new children's show. Notice how they talk about a list of the things they will do. "First, we're going to introduce the subject. Then we can show pictures and video. ... We can interview children and have guests too. Great idea! Finally, we can read the questions and tell them where to learn more."

How do you plan when using or learning English? Write to us in the Comments section or [send us an email](#). Teachers, see the Lesson Plan for more details on teaching this strategy.
