Scrabble grid

Write your names on the back of this paper.

Directions

Work with your group to fill in the boxes below with as many words from your reading as possible, crossword-style—from top to bottom and from left to right. NO DIAGONALS AND NO UPSIDE DOWN OR BACKWARDS. Everyone takes turns to suggest one word. Be patient and help one another. Do not write in a word for someone else. Each letter equals one point. The group with the most points wins.
